Detailed Action

Examiners Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allen Koenck on 8-11-2006. The changes made below are underlined.

The Claims are amended as follows;

- 1. A method of providing fresh meat products, comprising:
irradiating the meat products in a first controlled atmosphere;
packaging the irradiated meat products downstream from the irradiation area in a second controlled atmosphere having a modified oxygen concentration; and distributing the packaged irradiated meat products to a retail store; wherein the first controlled atmosphere excludes oxygen.--
- 2. The method of claim 1, wherein the second controlled atmosphere is high in oxygen. --

Allowable Subject Matter

- 2. Claims 1-17 are allowed.

Examiner's statement of reasons for allowance

The following is an examiner's statement of reasons for allowance:

3. Claim 1 is allowed because prior art fails to show a method of providing fresh meat products that includes; irradiating the meat products in a first controlled atmosphere; packaging the irradiated meat products downstream from the irradiation area in a second controlled atmosphere having a modified oxygen concentration; and distributing the packaged irradiated meat products to a retail store; wherein, the first controlled atmosphere excludes oxygen.

4. Claims 2-17 are allowed by virtue of their dependency upon allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
